

2TB SATA III SSD

ZSS252048

Product Overview

The Zion 2TB 2.5" SATA III Solid State Drive is designed to deliver reliable storage performance for desktops, laptops, and embedded computing systems. Built with high-quality NAND flash and advanced controller technology, it offers fast boot times, quick application loading, and improved system responsiveness while ensuring long-term durability and stable operation.

Key Features

- SATA III 6 Gb/s Interface
- Large storage capacity for data-intensive application
- Fast read and write performance for everyday computing
- Shock-resistant design with no moving parts
- Low power consumption for improved energy efficiency
- Silent operation and reduced heat generation
- 100% reliability and compatibility tested

Product Specifications

Parameter	Specification
Capacity	2TB
Interface	SATA III (6 Gb/s)
Form Factor	2.5-inch
NAND Flash Type	3D NAND
Sequential Read Speed	Up to 550 MB/s
Sequential Write Speed	Up to 500 MB/s
Operating Voltage	5V DC
MTBF	≥ 1.5 million Hours
Endurance (TBW)	1000TB
Operating Temperature	0°C to 70°C
Storage Temperature	-40°C to 85°C

Physical Dimensions

- Form Factor: 2.5-inch SSD
 - Interface Connector: SATA Data & Power
 - Dimensions: 100 (L) × 69.85 (W) × 7 (H) mm
 - Weight: About 40 gm.
-

Advanced Storage Management

- Uses power efficiently for stable and reliable operation
 - Protects data from errors during reading and writing
 - Maintains consistent performance over time
 - Allows the system to check drive health and status
-

Warranty

- 3-Year Warranty
